

Orchard View's Alternative Education Program

The Innovative Learning Center (ILC) is Orchard Views' alternative education program, serving **high school-eligible** students from the Muskegon area. Rooted in a culture of love and belonging, the ILC prioritizes innovative curricular and pedagogical approaches, including Project-Based Learning and Design Thinking. The dedicated ILC team supports students in academic growth while also fostering development aligned with the district's Learner Profile. Students have the flexibility to engage in their education through face-to-face instruction, online coursework, or a blended approach, ensuring a personalized learning experience tailored to their needs.

Course options include:

Face to Face Block Scheduling

Monday through Thursday from 9:00-4:00

Edmentum Online Course Work

Assessments Scheduled - Fridays between 8:00-12:00
